Date: September 15, 2026

Practice: Therapeutic Health Services (THS) • Washington State Telehealth

Patient Name:**DOB:****Evaluation Date:****MRN / Chart #:**

September 15, 2026

Cluster C Personality Disorders (Avoidant, Dependent, OCPD)**F60.6 (Avoidant) / F60.7 (Dependent) / F60.5 (OCPD)**

Persistent patterns of anxiety and fear with maladaptive coping (avoidance, clinginess, perfectionism). Mnemonics: CRINGES (Avoidant >= 4/7), RELIANCE (Dependent >= 5/8), LAW FIRMS (OCPD >= 4/8).

Avoidant Personality Disorder: CRINGES (Requires >= 4 of 7)**Social inhibition, feelings of inadequacy, and hypersensitivity to negative evaluation**

- ☐ **C:** Certainty of being liked required before willing to get involved with people.
- ☐ **R:** Rejection / criticism possibility preoccupies thoughts in social situations.
- ☐ **I:** Intimate relationships avoided due to fear of being shamed or ridiculed.
- ☐ **N:** New interpersonal situations inhibited because of feelings of inadequacy.
- ☐ **G:** Gets around occupational activities that involve significant interpersonal contact due to fears of disapproval.
- ☐ **E:** Embarrassment potential prevents taking personal risks or engaging in new activities.
- ☐ **S:** Self-viewed as socially inept, personally unappealing, or inferior to others.

Dependent Personality Disorder: RELIANCE (Requires Excessive need to be taken care of leading to submissive, clinging behavior >= 5 of 8)

- ☐ **R:** Reassurance required: difficulty making everyday decisions without excessive advice/reassurance.
- ☐ **E:** Expressing disagreement difficult because of fear of loss of support or approval.
- ☐ **L:** Life responsibilities assumed by others (needs others to assume responsibility for major areas).
- ☐ **I:** Initiating projects difficult due to lack of self-confidence in judgment (not lack of motivation).
- ☐ **A:** Alone: feels uncomfortable or helpless when alone because of exaggerated fears of inability to care for self.
- ☐ **N:** Nurturance: goes to excessive lengths to obtain nurturance and support from others (volunteering for unpleasant tasks).
- ☐ **C:** Companionship sought urgently as another source of care when a close relationship ends.
- ☐ **E2:** Exaggerated fears of being left to care for self.

Obsessive-Compulsive Personality Disorder: LAW FIRMS (Requires >= 4 of 8)**Preoccupation with orderliness, perfectionism, and control at expense of flexibility**

- ☐ **L:** Loses point of activity due to preoccupation with details, rules, lists, order, or schedules.
- ☐ **A:** Ability to complete tasks compromised by perfectionism (cannot complete project because standards not met).
- ☐ **W:** Worthless objects: unable to discard worn-out or worthless objects even when of no sentimental value.
- ☐ **F:** Friendships and leisure activities excluded owing to excessive devotion to work and productivity.
- ☐ **I:** Inflexible, scrupulous, and overconscientious about matters of morality, ethics, or values.
- ☐ **R:** Reluctant to delegate tasks or work with others unless they submit to exact way of doing things.
- ☐ **M:** Miserly spending style toward both self and others; money hoarded for future catastrophes.
- ☐ **S:** Stubbornness and rigidity.

CLINICAL SPECIFIERS & SUBTYPES**Predominant Diagnosis:**

- ☐ Avoidant Personality Disorder (F60.6)
- ☐ Dependent Personality Disorder (F60.7)
